CLARIFICATION ON DRAFT CIRCULARS

There have been a number of queries regarding three *draft circulars* which were used as discussion documents at the QCTO's recent QAP Forum held on 5 October 2017. The QAP Forum consists of QA Managers from the SETAs and Professional Bodies.

It has come to our attention that these draft circulars have been circulated publicly and published on the Skills Universe website without the QCTO's permission. It must be noted that the draft circulars (with a "Draft" watermark) were meant only to facilitate the discussion at the QAP Forum regarding the transitional arrangements for historically registered qualifications.

The QCTO takes exception to the disregard for QCTO processes.

Going forward, once finalised, an official circular signed by the CEO of the QCTO will be issued to all Quality Assessment Partners for distribution, and will also be published on the QCTO's website.

Yours faithfully

V NAIDOO
CHIEF EXECUTIVE OFFICER
